Calling Expression to Interest to take part to Designing, Manufacturing & Implementing a Train Washing Plant for Sri Lanka Railways.

Chief Engineer (Motive Power), Sri Lanka Railways invites professionals in local industry to take part in designing, Manufacturing and implementing of a Train Washing Plant for Sri Lanka Railways.

The interested parties shall express their interest by sending the business details, experience, past projects completed and other related details to Chief Engineer (Motive Power) by sending an email to dgmp@railway.gov.lk on or before 30.09.2021.

Once the interested parties selected, a workshop will be held and the requirements will be explained and the specification & the conceptual design will be documented.

Then quotations will be called from the interested parties to design, manufacture and install a train washing plant as per the detailed specification and the final conceptual design.

For clarifications, interested personal may contact;

Eng. H.M.B Sampath – Deputy Chief Engineer (Motive Power) – 0714474600

Eng. K.A.B Pathirathna – Superintendent Engineer (Motive Power) –0718409361

Chief Engineer ((Motive Power)
