## Local supplier registration 2026/2027 – Category List

### **01. Petroleum products, fuel, electricity and other sources of energy**

- I. Fuels
- II. Coal and oil products
- III. Lubricating oils
- IV. Petroleum jelly, waxes and special spirits
- V. Coal-related products
- VI. Bituminous or oil shale
- VII. Solar energy

### **02. Mining, basic metals and related products**

- I. Sea Sand/River sand and clay
- II. Gravel
- III. pebbles, gravel, broken and crushed stone
- IV. Soil

### **03. Clothing, footwear, luggage articles and accessories**

- I. Occupational clothing, special workwear and accessories
- II. Weatherproof clothing, Rain Coats
- III. Hats and headgear, Fasteners (clothing)
- IV. Jewellery, Badges and related articles
- V. Footwear
- VI. Luggage, saddlery, sacks and bags

### **04. All types of Rubber products, Leather and textile fabrics, plastic and rubber materials**

- I. Leather Products
- II. Textile fabrics and related items
- III. Rubber products, Rubber inner tubes, treads and flaps,
- IV. Synthetic rubber and fibers
- V. Carpets & Rexines
- VI. Foam rubber cushions for passenger coaches

### **05. Stationery & Printed matter related products**

- I. Ink
- II. Exercise books
- III. Printing Papers all sizes
- IV. Stamps, cheque forms, banknotes, stock certificates, trade advertising material, catalogues and manuals
- V. Postcards, greeting cards and other printing works
- VI. Miscellaneous printed matter
- VII. Calculators, Measuring tapes, Erasers, Correction liquid, Stationary Glue,
- VIII. Filing equipment, Varieties of Clips,
- IX. All types of Toner/ink/ribbons
- X. ID cards

## **06. Office and computing machinery, equipment and supplies, Software related supplies**

- I. Office machinery, equipment and supplies except computers, printers
- II. Photocopying, Fax, Overhead projectors and other printing machines
- III. accounting machines
- IV. Computer equipment and supplies
- V. Data-processing machines (hardware)
- VI. Computer-related equipment, Parts, accessories and supplies for computers
- VII. Miscellaneous computer equipment

## **07. Electrical machinery, apparatus, equipment and consumables; lighting/wire/cable**

- I. Electric motors, generators and transformers & power supply equipment
- II. Electricity distribution and control apparatus
- III. Electrical apparatus for switching or protecting electrical circuits
- IV. Electrical circuit components
- V. Parts of electricity distribution or control apparatus
- VI. Insulated wire and all types of cable
- VII. Electric conductors for access control systems
- VIII. Accumulators, primary cells and primary/ Lead acid batteries
- IX. Electric accumulators
- X. All types of batteries
- XI. Lighting equipment and electric lamps
- XII. Parts of lamps and lighting equipment/Fittings
- XIII. Tungsten halogen filament lamps
- XIV. Signaling lights
- XV. Emergency lighting equipment
- XVI. Incandescent and neon lamps
- XVII. All types of Light bulbs
- XVIII. Electrical equipment for engines and vehicles
- XIX. Machines and apparatus with individual functions
- XX. Electrical parts of machinery or apparatus
- XXI. Electronic, electromechanical and electrotechnical supplies
- XXII. Electrotechnical equipment
- XXIII. Electromechanical equipment
- XXIV. Electronic equipment
- XXV. Radiators, Water pumps
- XXVI. Finger marking machines & CCTV cameras & services
- XXVII. Surge arrestors

## **08. Radio, television, communication, telecommunication and related equipment**

- I. Transmission apparatus for radiotelephony, radiotelegraphy, radio broadcasting and television
- II. Television and radio receivers, and sound or video recording or reproducing apparatus
- III. Networks
- IV. Telecommunications equipment and supplies

## **09. Railway locomotives and rolling stock and associated parts**

- I. Railway passenger coaches/Trolleys/ rail buses/Railway carriages/Luggage vans and special-purpose vans
- II. Wheel axles and tyres and other parts of locomotives or rolling stock
- III. Rails and accessories
- IV. Railway-track construction materials and supplies
- V. Sleepers and parts of sleepers
- VI. Crossovers/ Railway points
- VII. Buffers and drawgear
- VIII. Railway-track construction materials
- IX. Railway-track construction supplies
- X. Bearings/ Roller Bearings/Ball Bearings
- XI. Train passenger compartment seat & seat spare parts
- XII. Railway Wagons & compartment brake parts & boggy parts
- XIII. Finished parts required for repairs of Rail coaches & wagons
- XIV. All types of Filters for Locomotives / Generator/ plants
- XV. Locomotive power plant/ diesel engine spare parts
- XVI. Locomotive power plant electronic/electrical spares & components
- XVII. Air compressor machine & spares
- XVIII. Nylon rail insulators & glue joints
- XIX. Locomotive and train passenger compartment electrical/ electronic spares & components
- XX. Railway track machines, spares & components

## **10. Railway Signaling and Telecommunication Equipment and Items**

### **I. Railway Signal Interlocking**

Electronic Railway Signal Interlocking Equipment  
Programmable Logic Controllers (Siemens S7 and VIPA)  
Q-Style Railway Signal Interlocking Relays  
Railway Signal Relays  
Automation Devices and accessories  
Switch Mode Power Supplies

### **II. Level Crossing Protection**

Electronic Bells  
LED Road Traffic Signals  
Electrically Operated Level Crossing Barrier Machines  
Electronic Level Crossing Protection Equipment  
Remote Sensing and Remote sensing / monitoring systems

### **III. Cables and Accessories**

Armored multicore Signal cables , Power Cables, Unarmored wiring cables  
Optical Fiber Cables.  
Splicing Kits  
Cable Jointing Kits

### **IV. Cabinets**

Custom fabricated steel cabinets and enclosures

### **V. Point Machine**

Electro-Mechanical Point Machines (Rail Switch)

### **VI. Point Machine**

Electro-Mechanical Point Machines (Rail Switch)

### **VII. Railway Signal Units**

Mainline Railway LED Signal Units  
LED Barrier lights  
Level Crossing LED warning Signals

### **VIII. Public Addressing and CCTV**

### **IX. Electrical Items**

Automotive VRLA Batteries, Battery Chargers  
Inverters  
Step up / Step Down Transformers  
DC Track Rectifiers  
Surge Protection Devices  
Earth Rods and accessories  
DIN Mountable Terminal Bars  
Circuit Protection Devices (Fuse, MCB, Breakers and Etc)  
Switch Gears, Timers,  
Diesel Generators and associated spare parts.

### **X. Rail – Fasteners and Accessories**

Rail – Fasteners and Accessories for Railway Signalling (Bond Pins, MIJ Bolts, Nylon Rail Insulators and etc.)

**XI. Computers and Networking**

Servers, Video Wall Displays, Workstation Computers, Network Switches and Routers, Ethernet Ring Switches, Protocol Converters (RS422 to Ethernet) , Optical Media Converters, UPS, KVM Extenders, 4 Port VGA cards (HDMI / DP / VGA and etc), CAT6 cables and etc.

**XII. Computers and Networking**

Servers, Video Wall Displays, Workstation Computers, Network Switches and Routers, Ethernet Ring Switches, Protocol Converters (RS422 to Ethernet) , Optical Media Converters, UPS, KVM Extenders, 4 Port VGA cards (HDMI / DP / VGA and etc), CAT6 cables and etc.

**XIII. Hardware Items, Tools and Machinery**

Extruded Aluminum Bars, Reflective Traffic SignBoard Stickers, Steel Plates and Bars, GI Pipes, PVC Pipes, Timbers and all hardware items and tools necessary for Electrical / Mechanical Workshop

**XIV. Test Instruments**

Digital Multimeter, Insulation Tester, Earth Impedance Tester, Battery Health Tester, Electrical Multifunction Installation Testers, Clip-on Testers, Fiber optical cable testers, Underground Cable Fault Detectors and etc.

**11. Security, fire-fighting, Safety equipment**

- I. Firefighting, rescue and safety equipment
- II. Surveillance and security systems and devices
- III. Explosives

**12. All types of Chemicals, Laboratory items, optical and precision**

- I. Checking and testing apparatus
- II. Optical instruments
- III. Measuring instruments
- IV. Miscellaneous evaluation or testing instruments
- V. All types of laboratory chemicals

**13. Furniture (incl. office furniture), furnishings, domestic appliances (excl. lighting) and cleaning products.**

- I. Office furniture/ Domestic furniture/ Bathroom furniture
- II. Computer furniture
- III. Miscellaneous furniture and equipment
- IV. Work benches/Modular furniture
- V. Parts of furniture
- VI. Cleaning products
- VII. All types of Mattress

**14. Collected and purified water**

- I. Natural water
- II. Drinking water
- III. Non-drinking water

## **15. Industrial machinery**

- I. Machinery for the production and use of mechanical power
- I. Pumps and compressors
- II. Taps, cocks, valves and similar appliances
- III. Boilers and installations
- IV. Industrial or laboratory furnaces, incinerators and ovens
- V. Parts of furnace burners, furnaces or ovens
- VI. Lifting and handling equipment and parts
- VII. Cooling and ventilation equipment
- VIII. Parts of refrigerating and freezing equipment and heat pumps
- IX. Machine tools
- X. Lathes, boring and milling machine tools
- XI. Metal-working machine tools
- XII. Machine tools for working hard materials except metals
- XIII. Pneumatic or motorised hand tools
- XIV. Soldering, brazing and welding tools, surface tempering and hot-spraying machines and equipment
- XV. Parts and accessories of machine tools
- XVI. Miscellaneous general and special-purpose machinery
- XVII. Miscellaneous special-purpose machinery

## **16. Industrial Gases**

- I. Oxygen, Acetylene, Nitrogen, Co<sub>2</sub>, Argon, Hydrogen, rare gases
- II. Gas generators
- III. Liquid air, Compressed air

## **17. Machinery for mining, quarrying, construction equipment**

- I. Mining equipment
- II. Track Ballast/ ABC/ All sizes of Rubble
- III. Coal or rock cutters and tunnelling machinery, and boring or sinking machinery
- IV. Drilling equipment
- V. Mobile hydraulic-powered mine roof supports
- VI. Earthmoving and excavating machinery, and associated parts
- VII. Mechanical shovels, excavators and shovel loaders, and mining machinery
- VIII. Construction equipment
- IX. Bridge-suspension equipment
- X. Dismantling equipment
- XI. Drainage equipment
- XII. Hydraulic installations
- XIII. Weighing machines/ Scales
- XIV. Parts of machinery for mining, quarrying and construction
- XV. Parts for boring machinery

- XVI. Parts of excavating machinery
- XVII. Machinery for metallurgy and associated parts
- XVIII. Metal-rolling machinery/ Parts of metal-rolling machinery
- XIX. Casting machines/ Parts of casting machines
- XX. Workshop equipment
- XXI. Woodworking equipment
- XXII. Power tools
- XXIII. Blacksmiths' equipment

## **18. Construction structures and materials; Iron/Steel/Hardware items & auxiliary products to construction/ Minor Construction works**

- I. Construction materials and associated items
- I. Pipeline, piping, pipes, casing, tubing and related items
- II. Miscellaneous construction materials
- III. Miscellaneous construction materials in wood
- IV. Plywood/ Particle board/ Fibre board
- V. Other miscellaneous construction materials
- VI. PVC foam/ Nails
- VII. Structural products
- VIII. Builders' carpentry/ Timber roof trusses
- IX. Cable, wire and related products for Constructions
- X. Bars, rods, wire and profiles used in construction
- XI. Miscellaneous fabricated products and related items
- XII. Mild steel/Stainless Steel/ Steel Bars/ Steel plates
- XIII. Cast-iron products, Non Ferrous materials, Lead, Antimony, Zinc etc.
- XIV. Tools, locks, keys, hinges, fasteners, chain and springs
- XV. Paints, varnishes and mastics/fillers, putty and solvents
- XVI. Stone for construction, limestone, gypsum and slate
- XVII. Miscellaneous building stone
- XVIII. Chalk and dolomite
- XIX. Minor Construction works
- XX. Fire clay, Coal,
- XXI. Welding rods & related equipment
- XXII. All varieties of Glasses & Glass panels
- XXIII. Construction Machinery & Plants for Hire basis

## **19. Software package and information systems**

- I. Networking, Internet and intranet software package
- II. Document creation, drawing, imaging, scheduling and productivity software package
- III. Information systems and servers
- IV. Backup or recovery software package
- V. System, storage and content management software package
- VI. Miscellaneous software package and computer systems

## **20. Repair and maintenance services**

- I. Repair, maintenance and associated services of vehicles and related equipment
- II. Repair and maintenance services of motor vehicles and associated equipment
- III. Maintenance and repair services related to specific parts of vehicles
- IV. Electrical-system repair services
- V. Tyre repair services, including fitting and balancing
- VI. Repair and maintenance services of starter motors
- VII. Repair, maintenance and associated services related to aircraft, railways, roads and marine equipment
- VIII. Repair, maintenance and associated services related to railways and other equipment
- IX. Repair and maintenance services of locomotives
- X. Repair and maintenance of weighing scales/machines
- XI. Repair and maintenance services of locomotive transmissions
- XII. Repair and maintenance services of locomotive wheelsets
- XIII. Repair and maintenance services of locomotive brakes and brake parts
- XIV. Repair and maintenance services of rolling stock
- XV. Repair and maintenance services of dampers
- XVI. Reconditioning services of locomotives
- XVII. Reconditioning services of rolling stock
- XVIII. Reconditioning services of rolling stock seats
- XIX. Reconditioning services of passenger coaches
- XX. Railway-track maintenance services
- XXI. Demolition of rolling stock
- XXII. Repair, maintenance and associated services related to roads and other equipment
- XXIII. Maintenance services of public-lighting installations and traffic lights
- XXIV. Street-lighting maintenance services
- XXV. Commissioning of public lighting installations
- XXVI. Traffic-signal maintenance services
- XXVII. Repair, maintenance and associated services related to personal computers, office equipment, telecommunications and audio-visual equipment
- XXVIII. Maintenance and repair of office machinery
- XXIX. Maintenance and repair of office accounting machinery
- XXX. Maintenance and repair of computer equipment
- XXXI. Maintenance and repair of reprographic machinery
- XXXII. Repair and maintenance services of facsimile machines
- XXXIII. Repair and maintenance services of telephone-answering machines
- XXXIV. Maintenance and repair of ticket-issuing machinery
- XXXV. Repair and maintenance services of Desktop/Laptop computers & printers
- XXXVI. Repair and maintenance services of telecommunications lines/ equipments
- XXXVII. Repair and maintenance services for pumps, valves, taps and metal containers and machinery
- XXXVIII. Miscellaneous repair and maintenance services
- XXXIX. Building services management and maintenance

## **21. Installation services (except software)**

- I. Installation services of electrical and mechanical equipment
- II. Installation services of steam generators, turbines, compressors and burners
- III. Installation services of engines
- IV. Installation services of equipment for measuring, checking, testing and navigating
- V. Installation services of communications equipment
- VI. Installation services of machinery and equipment
- VII. Installation services of computers and office equipment
- VIII. Installation services of fire protection equipment
- IX. Installation services of metal containers
- X. Installation of CCTV , Surrveillance and office automation

## **22. Architectural, construction, engineering and inspection & all services**

- I. Site-investigation services
- II. Architectural, engineering and surveying services
- III. Technical inspection and testing services
- IV. Industrial inspection services
- V. Service provider for soil stabilization solution (soil investigation) related jobs
- VI. Pest Controlling services
- VII. Rock drilling & blasting of APS quarry

## **23. IT services: consulting, software development, Internet and support**

- I. Software-related services
- II. Computer network services
- III. Internet services
- IV. CCTV and surreillance system designing

## **24. Sewage, refuse, cleaning and environmental services**

- I. Cleaning and sanitation services and related products
- II. Detergent, Soap,
- III. Gully cleaning and emptying services

## **25. Other**

- I. Coir brooms/ ekel brooms
- II. All types of Brushes
- III. Coir products
- IV. Cane Products
- V. Supply of Milk
- VI. Provision of Labour/ Manpower
- VII. Outdoor Enclosures
- VIII. Landscaping
